Team 41: HR Support App
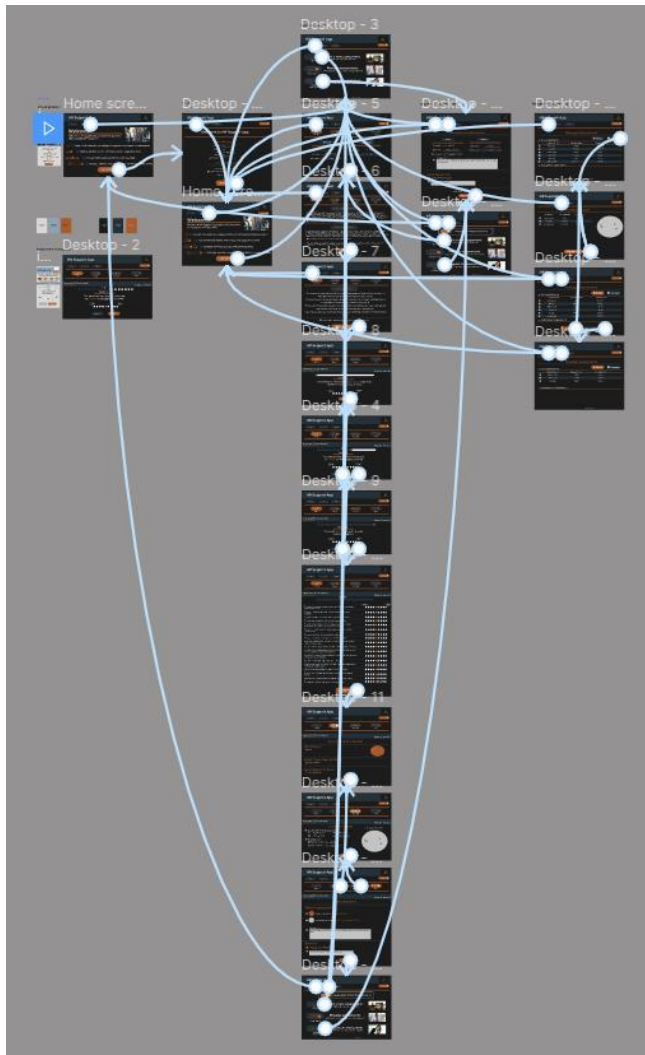

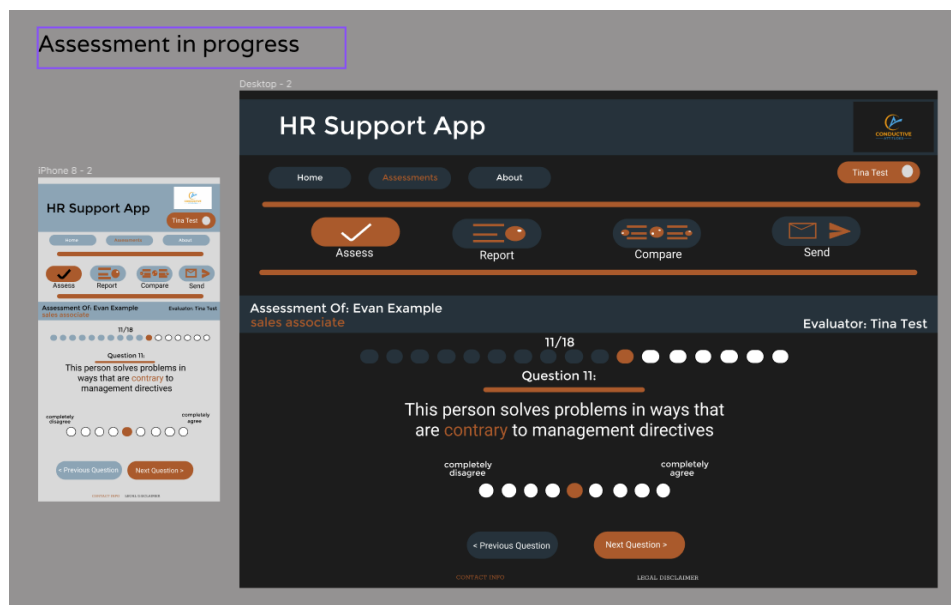

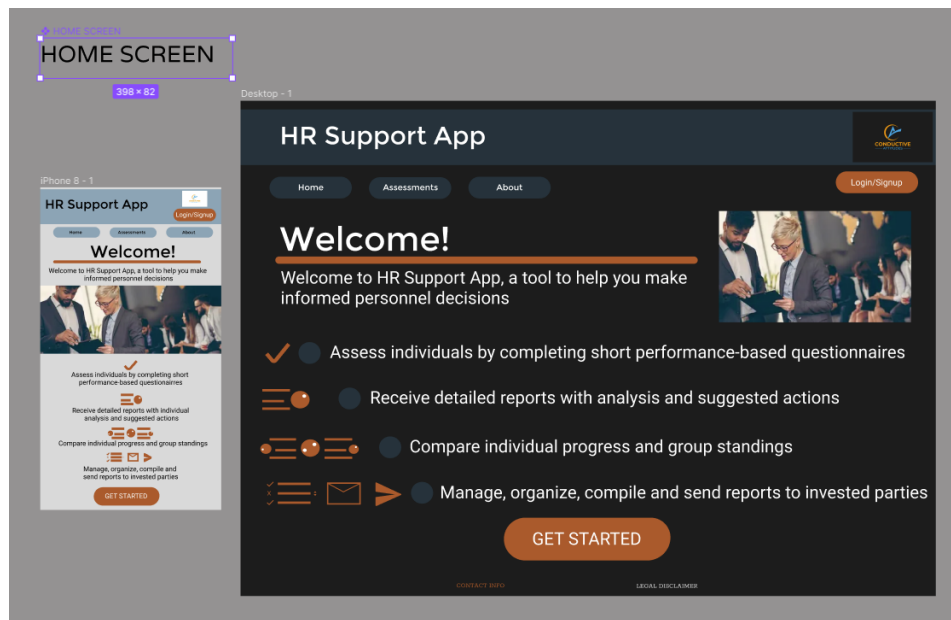

UI Design Research/Development Doc

PROTOTYPE:

Link to current prototype can be found here

Prototype owner: Penelope Benavidez – i.penelopekay@gmail.com (can be transferred)

Current prototype overview:

MOCK UP:

DESIGN PLAN:

Figma is a free UI design tool that allows for up to 2 free editors on a project. The project is located here.
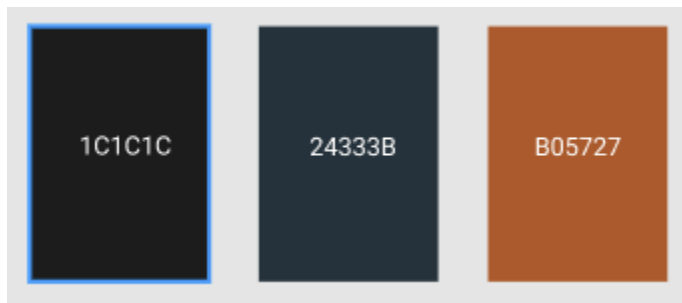

Figma Fonts used:

- Headers: NATS

- Body: ROBOTO
- Fine print: ROKKITT

Proposed color palette:

#1 "light mode":

D9D9D9	88A5B5	B05727

#2 "dark mode":

1C1C1C	24333B	B05727

Proposed alternative color palette: "The greener option"

#D1964C	#E5E1DB	#3A3D32

DESIGN NOTES:

- CHRONOS WORKS logo/title header from website found here:

CHRONOS
WORKS

Font appears to be similar to **Veranda Bold**

- Conductive attitudes logo pngs in white, black and transparent back grounds available [here](#)

-

- Color picking tool found [here](#)
- To compare contrasting colors that need to be read use this [Accessibility Evaluation Tool](#)

- Icons created can be found in public folder:

FLOW NOTES:

- first questions should be shorter and easier to answer
- bold important parts
- flow of sections/lengths
- number questions and show progress

PROTOTYPING NOTES:

- Figma prototyping tutorial can be found [here](#)
- Interaction and animations [here](#) and overlays [here](#)
- Drop down menu how to [here](#)
- The "Inspect element" tool in Figma can be used for Css style sheets in React app

Create interactions and animations

1. Open the **Prototype** tab in the right sidebar
2. Create **interactions**
3. Set interaction details
4. Apply an **animation**
5. **Preview** your animation

Use cases to be covered in prototype:

- Navigate menu
- Complete assessment
- Manage assessments
- Request an assessment
- Create new user
